

**Your Trusted
Community
Maintenance
Team...**

We offer our skilled team real life work experience while under the supervision of our fully trained staff.

The goal of the Stoneywood Community Projects scheme is to serve the community with maintenance and landscaping services while developing our workforces skills and personality to further individual prospects and help them gain valuable skills employers are looking for.

Our team consists of members of the community looking to gain an advantage whenever they feel they are ready to begin the journey into full/part time employment while offering their time to the community providing **helpful friendly services.**

I would like to acknowledge the excellent gardening work which was completed diligently and to a very high standard by Stoneywood.

– Mrs Beveridge

The team were knowledgeable, approachable and efficient. The job was completed to a high standard, in time and to an agreed budget.

I would absolutely recommend Stoneywood Community Projects to anyone.

– Mr & Mrs McGregor

Values / Respect / Dignity

Serving the community on a range of projects big or small.

We undertake maintenance projects ranging from painting & decorating, landscaping, garden tidy-ups and wasteland regeneration projects.

- Originally set up to maintain the grounds around our residential buildings, our skilled and experienced team deliver a wide range of projects within the community.
- We work both within Denny and in other areas throughout the Falkirk District.
- Our team have skills in Horticulture and Landscaping and have a structured weekly timetable of activities.
- The team not only take away valuable skills from the Community Projects program but an enjoyment for the work they are undertaking.
- People we have worked with include the Community Green Initiative group in Denny who are a local environmental organisation tackling regeneration projects on wasteland around the Denny area. We have also taken part in Falkirk Council's litter strategy team.
- We have the ability to undertake a wide variety of maintenance projects ranging from painting and decorating, landscaping, garden tidy-ups and wasteland regeneration projects.

Our Services

Decorating

Wallpapering in the home from small bedrooms to halls and dining rooms.

Painting

Internal and external painting of houses as well as industrial buildings have all been undertaken and completed by the group.

Landscaping

From laying slabs, fence building, drainage, edging, laying new and artificial lawns, to creating new gardens and constructing raised beds.

Horticulture

Planting out gardens and borders, garden regeneration, general tidy, grass cutting & strimming.

Joinery

We undertake all types of work around the home hanging new doors, skirting, shelves etc.

Carpet Cleaning

We have a specialist industrial carpet cleaner suitable for domestic & office cleaning. We also clean fabric sofas and chairs.

Pressure Washing

We offer a full service including brickwork, monoblocking, car & caravan cleaning. We also jet wash house brickwork and roughcasting.
